

CONSPIRACY CHARGE AGAINST AN AMERICAN

(By Associated Press.)
TUCSON, Ariz., Nov. 2.—Dr. G. R. Servin, a naturalized American, was arrested here yesterday charged with conspiracy to export arms to revolutionists in Mexico. Warrants also were issued for a number of other persons. Arms and ammunition were seized by the authorities. Dr. Servin denied any complicity in the alleged plot.

COMPANY DENIES IT CONDUCTED MONOPOLY

(By Associated Press.)
NEW YORK, Nov. 2.—In an answer filed in federal court in the suit of Edward Adams and other stockholders to recover \$165,000,000 from William Rockefeller and associate directors of the New York, New Haven and Hartford Railroad company, denial was made that the company had conducted a monopoly in restraint of trade. The complaint charged that the amounts had been lost to the company's treasury through the alleged efforts of Rockefeller and other directors to create and maintain a railroad monopoly in New England. The court is asked to dismiss the complaint.

COMMISSION WILL NOT MOVE TO WASHINGTON

(By Associated Press.)
ATLANTIC CITY, N. J., Nov. 2.—The Mexican-American joint commission rejected the proposition yesterday to transfer the conferences from Atlantic City to Washington. It was decided to meet today for the last session prior to the national elections. Most of the commissioners and perhaps all of them will leave here tomorrow and return Wednesday for resumption of their conferences on November 9.

The decision to continue the conferences at Atlantic City was taken to indicate a belief by at least a part of the commissioners that an agreement of some form of border control would be reached soon. Nothing regarding the character of the discussions was announced.

PARALYSIS CASES RECOVERED

The quarantine on the two infantile paralysis cases at Reno will in a few days be lifted by the city board of health. Dr. John A. Lewis, who has charge of the cases, has asked the health board to allow his patients their freedom. The two girls were taken ill five weeks ago and have recovered rapidly from the disease and no new cases have been reported. An examination is being conducted by Dr. O. P. Johnstone and the action of the health board will be based on the recommendations in his report.

RUSTLERS TAKE CATTLE

In the opinion of several of the leading cattle men of the Carson valley, who range their cattle in the Mono forest reserve, cattle rustlers have been busy in that locality this year. The fall roundup was held last week and 72 head have not been accounted for. It is the opinion of the owners of the cattle that rustlers are responsible for the shortage in the herds. Steps will be taken to apprehend the rustlers, although this will be a difficult matter, as the snow on the reserve is from two to three feet deep at the present time.

WOMEN GREETED WITH CHEERS OF DERISION

(By Associated Press.)
CHICAGO, Nov. 2.—Women who arrived here yesterday on the Woman's Hughes transcontinental train met opposition at an afternoon meeting in a downtown theater. Derisive jeers which interrupted the speakers began the heckling, which culminated when eggs were tossed at them as they left the theater. None of the eggs struck the women or the automobiles in which they rode. The Hughes women finished their speeches in spite of interruptions. The special train left in the afternoon for Baltimore.

HEAVY EARNINGS BY U. S. STEEL COMPANY

NEW RECORD ESTABLISHED DURING LAST QUARTER BY CORPORATION

(By Associated Press.)

NEW YORK, Nov. 2.—Total earnings of the U. S. Steel for the third quarter of the calendar year, published yesterday, establish a new high record at \$85,817,067, exceeding the previous record, that of the preceding quarter, by \$4,691,019.

Net income of \$75,202,408 surpassed the previous record by \$8,822,186 and the balance of surplus for the quarter amounting to \$51,859,450 represents an increase of \$3,894,915. The extra dividend of 1 per cent on the common stock, inaugurated at the last quarter, was again declared, with the usual regular dividends of 1% and 1% per cent on the preferred and common, respectively.

While considerably below the more extravagant estimates made recently, the quarter's earnings show a steady monthly gain. July earnings, after payment of the usual interest charges, were \$25,650,006, those of August \$29,746,903, and for September, \$30,420,158.

For the first nine months earnings available for the common dividend equal almost 32 per cent, as compared with 4.13 per cent in the corresponding period of 1915.

NEED STRONGER NAVY SAYS THE EXPORTERS

(By Associated Press.)

NEW YORK, Nov. 2.—A stronger navy and the extension of the system of consular service abroad was urged in congress on a resolution adopted by the American Manufacturers' Export association, in convention here. The principle of the policy of retaliation by nations after the war was condemned in the resolution, which expressed the association's belief in the formation of commercial treaties we should insist upon due regard for our rights and our opportunities, thus assuring our commercial and financial interests full protection to their rights abroad.

All patriotic American manufacturers were urged to co-operate in upbuilding the navy "by giving the government the first call upon the personnel of their staffs and the material resources of the nation."

responding period of 1915. In trade circles it is predicted that earnings for the current or final quarter again will exceed all records, possibly aggregating \$100,000,000. In common with other similar industrial companies, the steel corporation is now receiving prices for its fabricated products.
